Object: calendar.event	
academic_calendar	Academic Calendar?, boolean
batch_ids	Batches, many2many
course_ids	Courses, many2many

Object: hr.employee	
company_id	Company, many2one, required

Object: ir.module.module	
module_type	Module Type, selection

Object: onboarding.onboarding

Object: onboarding.onboarding.step

Object: op.academic.plan	
academic_year_id	Academic Year, many2one, required
active	Active, boolean
activity_calendar_event_id	Next Activity Calendar Event, many2one, readonly
activity_date_deadline	Next Activity Deadline, date, readonly
activity_exception_decoration	Activity Exception Decoration, selection, readonly Type of the exception activity on record.
activity_exception_icon	Icon, char, readonly Icon to indicate an exception activity.
activity_ids	Activities, one2many
activity_state	Activity State, selection, readonly Status based on activities Overdue: Due date is already passed Today: Activity date is today Planned: Future activities.
activity_summary	Next Activity Summary, char
activity_type_icon	Activity Type Icon, char, readonly Font awesome icon e.g. fa-tasks
activity_type_id	Next Activity Type, many2one
activity_user_id	Responsible User, many2one, readonly
code	Code, char, required
color	Color Index, integer
company_id	Company, many2one
course_configure_count	Course Configure Count, integer, readonly
course_id	Course, many2one
course_plan_line	Configure Course, one2many
create_date	Created on, datetime, readonly
create_uid	Created by, many2one, readonly
display_name	Display Name, char, readonly

duration_tracking	Status time, json, readonly JSON that maps ids from a many2one field to seconds spent
end_date	End Date, date, readonly
final_approve_user_id	Final Approve User, many2one
first_approve_user_id	First Approve User, many2one
has_message	Has Message, boolean, readonly
id	ID, integer, readonly
intake_year_ids	Intake Year, many2many
message_attachment_count	Attachment Count, integer, readonly
message_follower_ids	Followers, one2many
message_has_error	Message Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_has_error_counter	Number of errors, integer, readonly Number of messages with delivery error
message_has_sms_error	SMS Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_ids	Messages, one2many
message_is_follower	Is Follower, boolean, readonly
message_needaction	Action Needed, boolean, readonly If checked, new messages require your attention.
message_needaction_counter	Number of Actions, integer, readonly Number of messages requiring action
message_partner_ids	Followers (Partners), many2many
my_activity_date_deadline	My Activity Deadline, date, readonly
name	Name, char, readonly
program_id	Program, many2one, required
rating_ids	Ratings, one2many
sequence	Sequence, char

stages_id	Stage, many2one
start_date	Start Date, date, readonly
state	State, selection
student_count	Student Count, integer, readonly
student_course_ids	Students, one2many
subject_count	Subject Count, integer, readonly
topics_line	Topics Line, one2many
website_message_ids	Website Messages, one2many Website communication history
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: op.academic.plan.stages	
company_id	Company, many2one
create_date	Created on, datetime, readonly
create_uid	Created by, many2one, readonly
display_name	Display Name, char, readonly
has_message	Has Message, boolean, readonly
id	ID, integer, readonly
is_approve	Is Approve, boolean
is_done	Is Done, boolean
message_attachment_count	Attachment Count, integer, readonly
message_follower_ids	Followers, one2many
message_has_error	Message Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_has_error_counter	Number of errors, integer, readonly Number of messages with delivery error

message_has_sms_error	SMS Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_ids	Messages, one2many
message_is_follower	Is Follower, boolean, readonly
message_needaction	Action Needed, boolean, readonly If checked, new messages require your attention.
message_needaction_counter	Number of Actions, integer, readonly Number of messages requiring action
message_partner_ids	Followers (Partners), many2many
name	Stage Name, char, required
rating_ids	Ratings, one2many
sequence	Sequence, integer
state	State, selection
website_message_ids	Website Messages, one2many Website communication history
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: op.area	
active	Active, boolean
code	Code, char, required
company_id	Company, many2one

has_message	Has Message, boolean, readonly
id	ID, integer, readonly
message_attachment_count	Attachment Count, integer, readonly

message_follower_ids	Followers, one2many
message_has_error	Message Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_has_error_counter	Number of errors, integer, readonly Number of messages with delivery error
message_has_sms_error	SMS Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_ids	Messages, one2many
message_is_follower	Is Follower, boolean, readonly
message_needaction	Action Needed, boolean, readonly If checked, new messages require your attention.
message_needaction_counter	Number of Actions, integer, readonly Number of messages requiring action
message_partner_ids	Followers (Partners), many2many
name	Name, char, required
rating_ids	Ratings, one2many
website_message_ids	Website Messages, one2many Website communication history
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: op.assessment.type	
code	Code, char
company_id	Company, many2one
create_date	Created on, datetime, readonly
create_uid	Created by, many2one, readonly
display_name	Display Name, char, readonly
id	ID, integer, readonly

index	Index, char
name	Name, char
parent_id	Parent, many2one
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: op.badge.student	
badge_id	Badge, many2one, required
badge_name	Badge Name, char, readonly
comment	Comment, text
create_date	Created, datetime, readonly
create_uid	Created by, many2one, readonly
display_name	Display Name, char, readonly
id	ID, integer, readonly
sender_id	Sender, many2one The user who has send the badge
student_id	Student, many2one, required
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: op.badge.student.wizard	
badge_id	Badge, many2one, required
comment	Comment, text
create_date	Created on, datetime, readonly
create_uid	Created by, many2one, readonly
display_name	Display Name, char, readonly
id	ID, integer, readonly

student_id	Student, many2one, required
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: op.batch	
color	Color Index, integer
company_id	Company, many2one
student_count	Student Count, integer, readonly

Object: op.board.affiliation	
code	Code, char
company_id	Company, many2one
create_date	Created on, datetime, readonly
create_uid	Created by, many2one, readonly
display_name	Display Name, char, readonly
id	ID, integer, readonly
name	Board Name, char
note	Description, text
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly

Object: op.course	
active	Active, boolean
area_id	Area, many2one, readonly
batch_count	Batch Count, integer, readonly
child_course_count	Child Course Count, integer, readonly
code	Code, char, required

color	Color Index, integer
company_id	Company, many2one
course_image	Course Image, binary
create_date	Created on, datetime, readonly
create_uid	Created by, many2one, readonly
display_name	Display Name, char, readonly
faculty_count	Faculty Count, integer, readonly
has_message	Has Message, boolean, readonly
id	ID, integer, readonly
message_attachment_count	Attachment Count, integer, readonly
message_follower_ids	Followers, one2many
message_has_error	Message Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_has_error_counter	Number of errors, integer, readonly Number of messages with delivery error
message_has_sms_error	SMS Delivery error, boolean, readonly If checked, some messages have a delivery error.
message_ids	Messages, one2many
message_is_follower	Is Follower, boolean, readonly
message_needaction	Action Needed, boolean, readonly If checked, new messages require your attention.
message_needaction_counter	Number of Actions, integer, readonly Number of messages requiring action
message_partner_ids	Followers (Partners), many2many
name	Name, char, required
parent_id	Parent Course, many2one
rating_ids	Ratings, one2many

specialization_id	Specialization, many2one
student_count	Student Count, integer, readonly
subject_count	Subject Count, integer, readonly
subject_counts	Subject Counts, integer, readonly
website_message_ids	Website Messages, one2many Website communication history
write_date	Last Updated on, datetime, readonly
write_uid	Last Updated by, many2one, readonly
